

## **2021-2023 Friends of Nachusa Grasslands Board of Directors Candidate**

It is a great pleasure to announce that Charles Larry has agreed to serve on the Friends of Nachusa Grasslands Board of Directors for a two-year term. If elected by the members at our meeting on July 31, he will replace Heather Baker who is stepping off the Board.

Charles began volunteering at NG in 1994 by taking photos, especially from fixed "photo points" that record the long-term changes on the landscape through our restoration efforts. He was on the media committee that created our outstanding website. Of course, Charles is legendary for his amazing photography that so artfully shows the wonders of our project to the rest of the world. His photos are seen throughout publications and web pages of both Friends and TNC.

Many thanks to Heather Baker for her excellent service and her continued involvement. She has been a thoughtful, responsive, and creative member of the Board.
